Coconut lemongrass, forest rain, sweet pea? At Scentsations you can create your own signature scent. Add fragrant oils to luscious French soap or rich Shea Butter hand and body cream. But, don't stop there. How about custom bubble bath and shower gel? (*1316 South Foothill Drive; [www.scentsationslotionsoils.com](http://www.scentsationslotionsoils.com)*)

Thick, heavy bread. From Jewish Rye and Asiago Basil to Jalapeno Jack and Orange Cranberry, Volker's Bakery knows how to make their bread. Located in Kamas, this bakery is worth the drive. This winter, you'll also find them giving out samples at the Home Remodeling and Decorating Show in January and at the Salt Lake Gift Show in February. Just beware of the bell. They have a tendency to ring it every time a pretty lady walks by.

SonicScrubber - a household cleaning products company in Layton - has finally developed a tool that every washcloth wielding woman will appreciate. Frustrated by gunk around a kitchen faucet or stained grout on your bathroom floor? This high-powered tool is perfect for small crevices and built-on grime. Even better - this tool is so much fun that you're kids will be begging for chores. (*[www.sonicscrubber.com](http://www.sonicscrubber.com); \$12.99*)

Each pregnancy is a journey. Unfortunately, the day-to-day details are quickly forgotten as sleepless nights, diapers, and spit-up fill your days. Now, with Tummy Talk's pregnancy album, you can write down all of those special moments right when they happen. Your little joy can read how you felt when you found out he was on his way, how you told his dad the news, and where you were when you first felt him kick. This beautiful book also has room for mementoes, such as ultrasound pictures and a letter to your little one. ([www.tummy-talk.com](http://www.tummy-talk.com); \$75)

Utah is THE PLACE for winter sports! And, our pick for ice skating this winter is the Galivan Center in Salt Lake City. It's open late, 'til 9:00 on week-nights and 11:00 on the week-end. Perfect for date night or an afternoon with the kids.

**89** years in business - that's one way to reach perfection. And, Taffy Town can definitely claim perfection in taffy making. Try some today! (*Visit their downtown SLC location or [utahstuff.com](http://utahstuff.com). We recommend black licorice and peppermint.*)

Melody and Kurt Bellock are in the business of saving trees. Utah's mature hardwoods are rescued from the wood pile and handcrafted into gorgeous bowls and hollow vessels. To the Bellocks, these pieces of art represent the Spirit and Soul of the tree. And, what a beautiful soul it is! ([spiritandsoulofthetree.com](http://spiritandsoulofthetree.com); from \$75)
